# SUPPLEMENTAL REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Reissue independent claims 1, 18, 40, 47 are allowable over the prior art even with omission of the patent claim 1 limitation "compliant contact regions are disposed at various positions along the lengths of the busbars " since that limitation is basically suggested by the Pond patent, see fig 7, busbars 21 and did not serve as a basis for patentability of the patent claims. A review of the prosecution history also indicates that this limitation was not surrendered in order to obtain allowance of the patent. In addition, in the patent prosecution, last amendment, applicant argued on page 7 lines 12-21, that the Pond patent does not provide suggestion of a "second type of bus conductors" with "a number of electrical contact elements disposed along their lengths" . This limitation, while broadened in some reissue claims is basically present in all reissue claims; see claim 40, lines 11-12. Accordingly, these modifications of the original claims, as they appear in the patent, do not constitute a bar under the recapture rule.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Neil Abrams at telephone number 571-272-2089
